

Automatic cleaning system for Nano Drive ovens and their Bakery versions

229477

Made of stainless steel. The system should be purchased together with an oven and installed by an authorised service/ authorised technician as the oven software has to be adjusted to the cleaning system. Water and drain connection required – after selecting the program, the jets spray the chamber with water. Chamber cleaning time differs depending on the chosen program. Intended only for the Nano Drive ovens and their Bakery versions (codes: 219195, 219171, 219157, 219133).
